Envato Studio 3 in 1 Cracked Full Version Free Download Ask HN: Where do you get your startup ideas? - jmonegro I recently read a thread that suggested one way to get a "small business idea" is to go to a grocery store. I decided to do some research on this idea and the following is what I found. You can basically write software that gets into the business computers that are installed in your store (in my case, a Barnes & Noble). If you don't have the money to pay someone to look for this data, it's unlikely that you'll be able to do it. On the other hand, what if you can actually find the data in the net, and by extension find an easy way to monetize it? Would that then become an idea for a startup? Or would you still have to go through all the same hoops for a small business? ===== nickpinkston I'd say this is a great idea, but a huge technical hurdle to hurdle. If you can do it, I'd love to see the startup. The crux of the "small business" thing is that the small business is small. If you open the doors, you'll have a huge problem of connectivity. You'll have connections to hundreds of other companies, none of whom want the data and they'll all think your plan is crazy. ----- marcusf Why would it need to be a small
